# WEB3D 2020

The 25th International ACM Conference on 3D Web Technology
November 9-13, 2020, Virtual Conference, Seoul, Korea

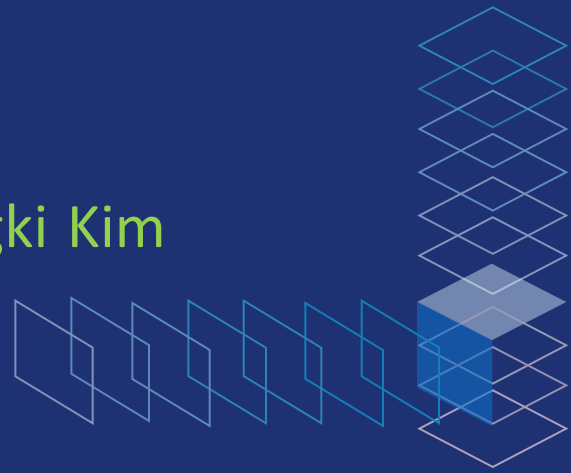
# Zoom Training for Speakers of Web3D Conference

Byounghyun Yoo

KIST

yoo@byoo.net

The original presentation was made by Prof. Hyungki Kim



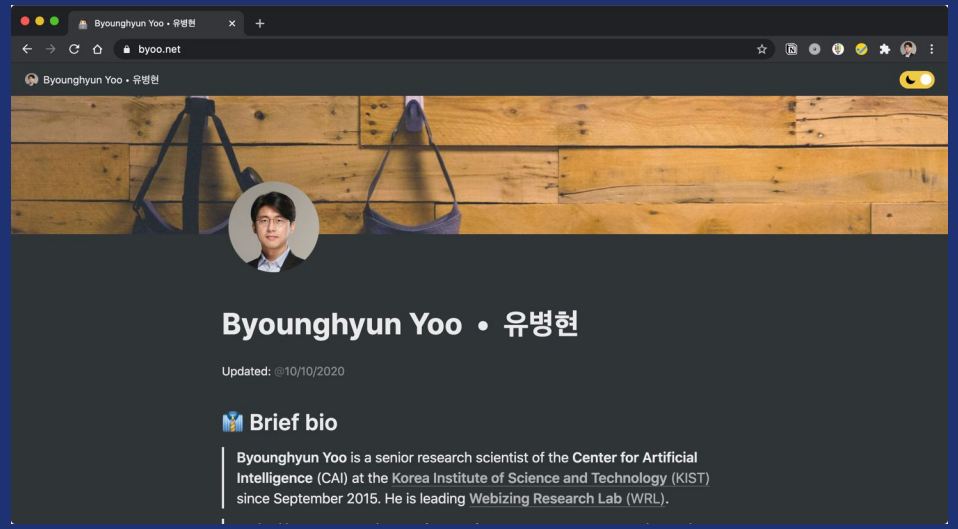
ACMSIGGRAPH web3D CONSORTIUM Korea Computer Graphics Society

# Speaker Training for Web3D 2020

- Presenter: Byounghyun Yoo
  - Senior Research Scientist at KIST
  - Leading Webizing Research Lab.
  - Center for Artificial Intelligence

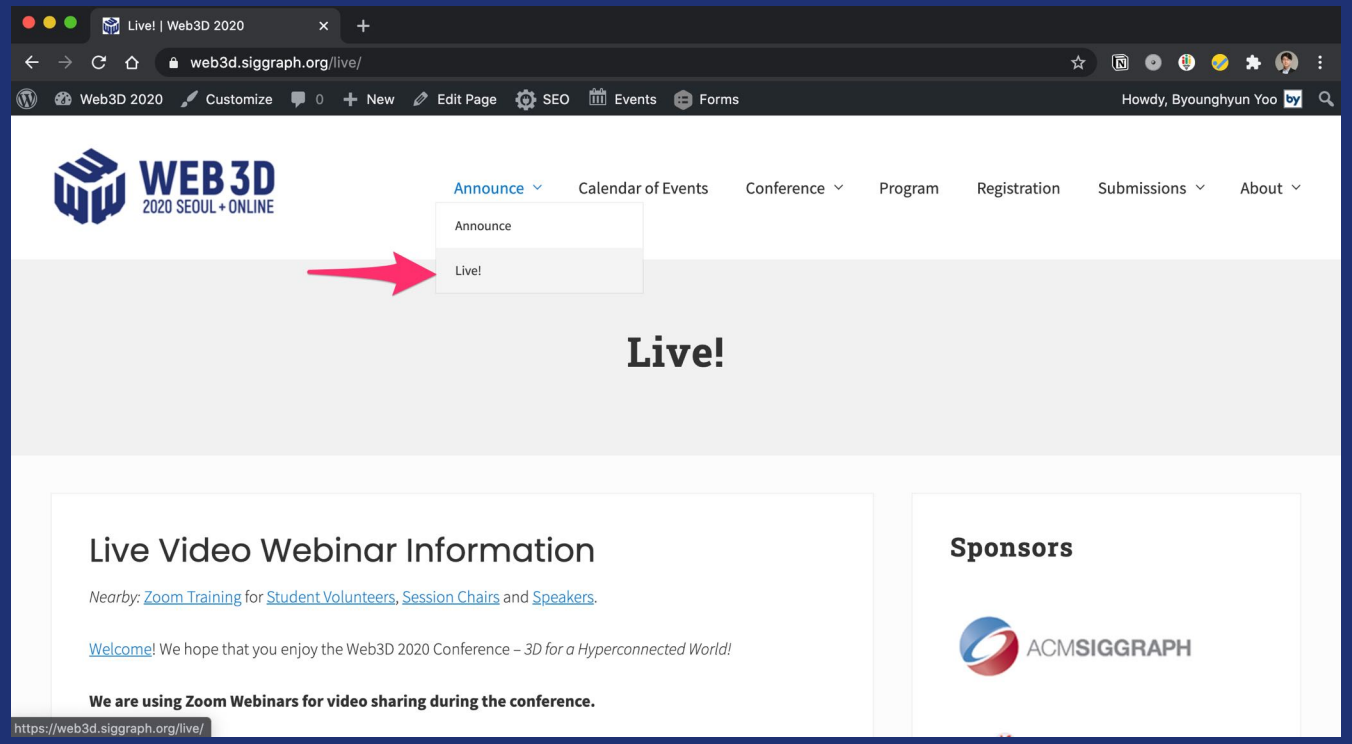
  - Web3D Fellow (2007-2008)
  - X3D Geospatial WG Co-chair
  - Attending Web3D Conference since 2007

  - http://www.byoo.net



# Check Live!

- We are using Zoom Webinars for video sharing during the conference.
- Connection information is available only on a single page: Live!



# Check Live!

- Two Webinar Channel
  - Live-Webinar Channel A
  - Live-Webinar Channel B
- One Virtual Breakout Room
  - Gather.town

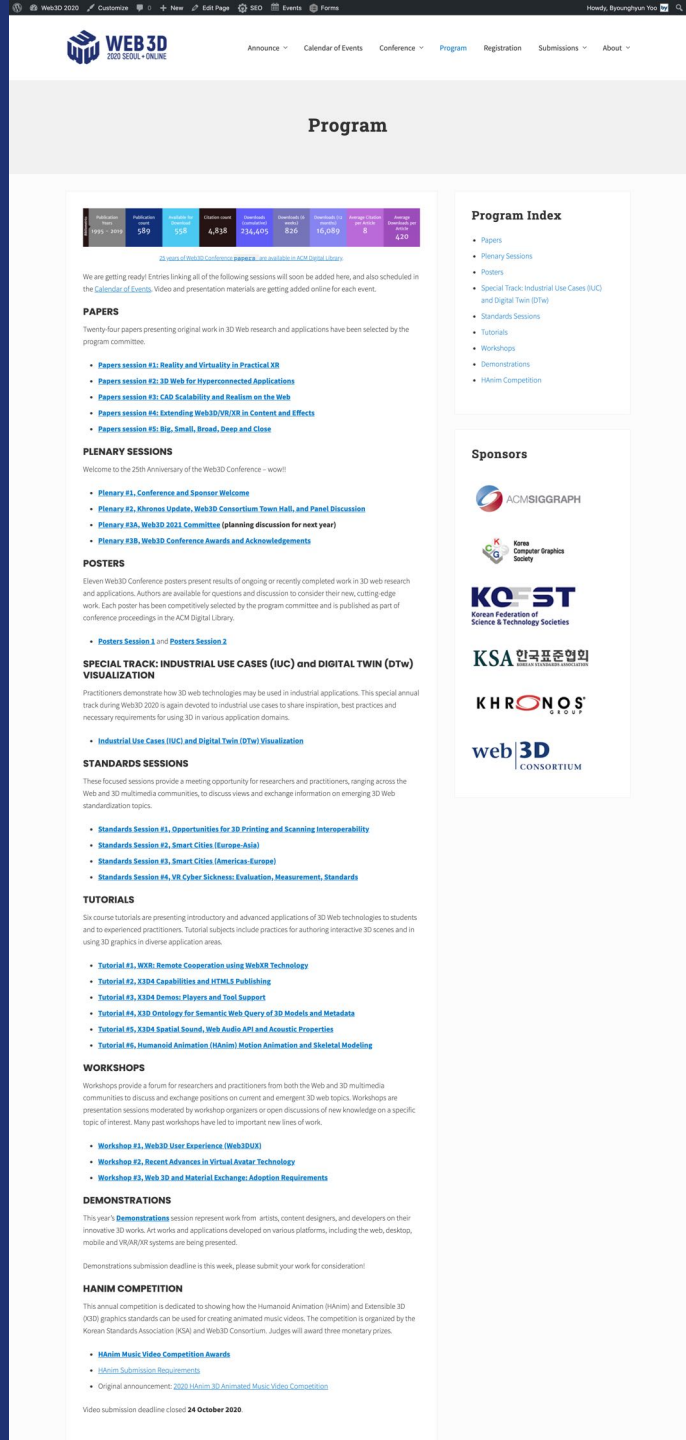
# Program at a glance

- https://web3d.siggraph.org/conferences2020/program/



# Regular Session

-1 Chair

-1 Student Volunteer

-Zoom Webinar Channel

-90 minutes

# Paper and Poster Session

-For a regular paper (~5 papers)

- ✓ Video (~15 minutes)
- ✓ PPT file

-For a poster paper (~6 papers)

- ✓ Video (~10 minutes)
- ✓ PPT file

# Paper and Poster Session

-Role of Chairman

- ✓ Open the session
- ✓ Check Webinar Channel
- ✓ Check presentation Videos and presenters
- ✓ Control ZOOM for presenters & audiences
- ✓ Control Q&A (by Q&A window during video playing)
- ✓ Select 3 papers which can be recommended to SPECIAL JOURNALs (JCDE, CAVW)

-Role of a student volunteer

- ✓ Check all videos
- ✓ Play the video

# Paper and Poster Session

-Role of Presenter

- ✓ Join as a Panelist
- ✓ Need to be promoted from a attendee
- ✓ Answer for Q&A by Q&A window during video playing
- ✓ Answer for Question in Live
- ✓ Session chair will control Q&A
- ✓ Presenter can share screen
- ✓ Follow Chair's session rule

# Process for Regular Paper Session

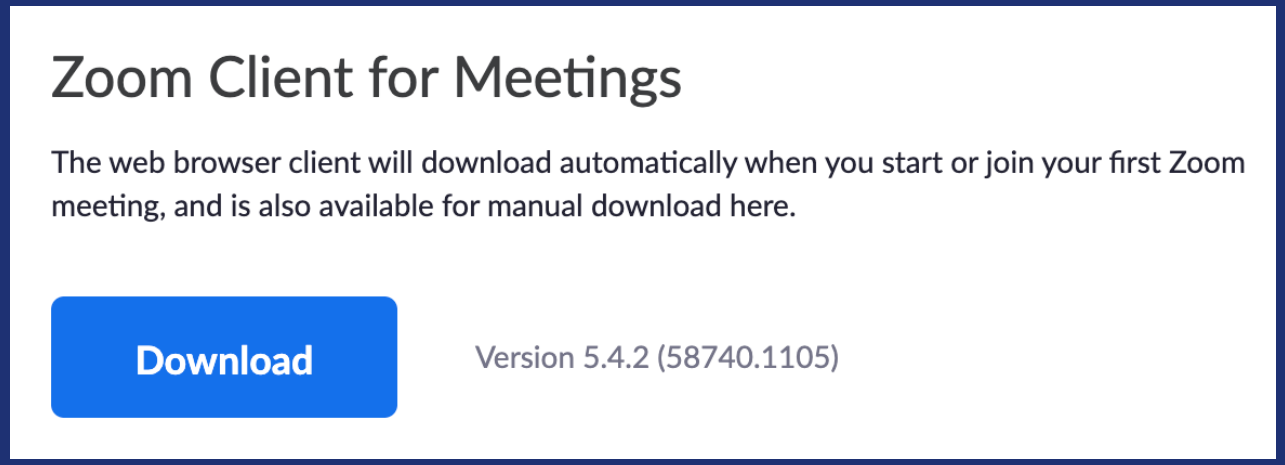
-For 90 minutes

- ✓ Per each paper
  - ➢ Play the video for at most 15 minutes (Student Volunteer)
  - ➢ Or Live presentation (chair can decide)
  - ➢ During playing the video
    If there are any questions from audiences,
    process Q&A through Q&A Window among them
  - ➢ After playing the video, process Q&A for at most 3 minutes
    - ✓ Answer questions in Chatting window (presenter uses microphone)
    - ✓ During the rest of the time, Q&A is conducted.

** The first 2 minutes and the last 2 minutes of the video are meaningless and can be skipped.
** Ask questions in a Q&A window and the answer using a microphone
** Video play / Live presentation depends on the chair. Please follow the chair's guide in each session.

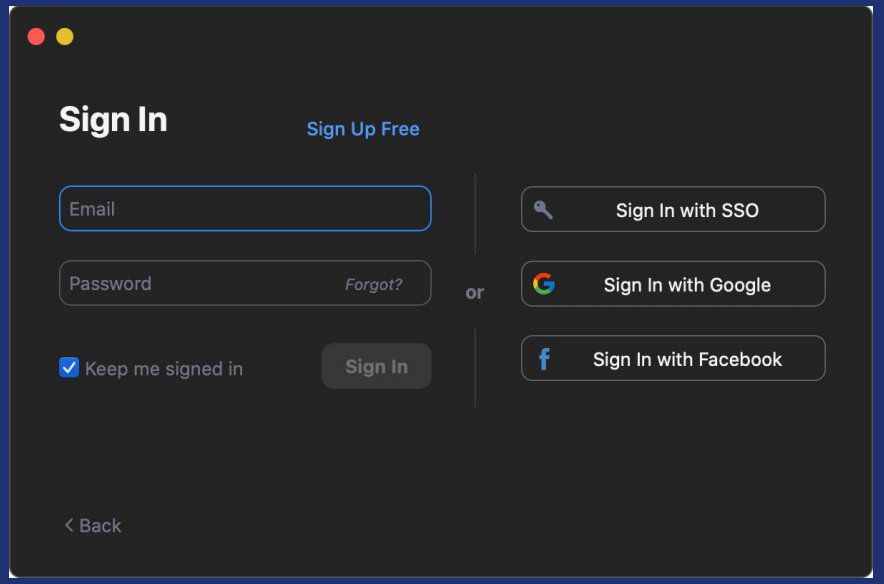
# Zoom Desktop Client

- Use the latest version of Zoom desktop client
  - https://zoom.us/download



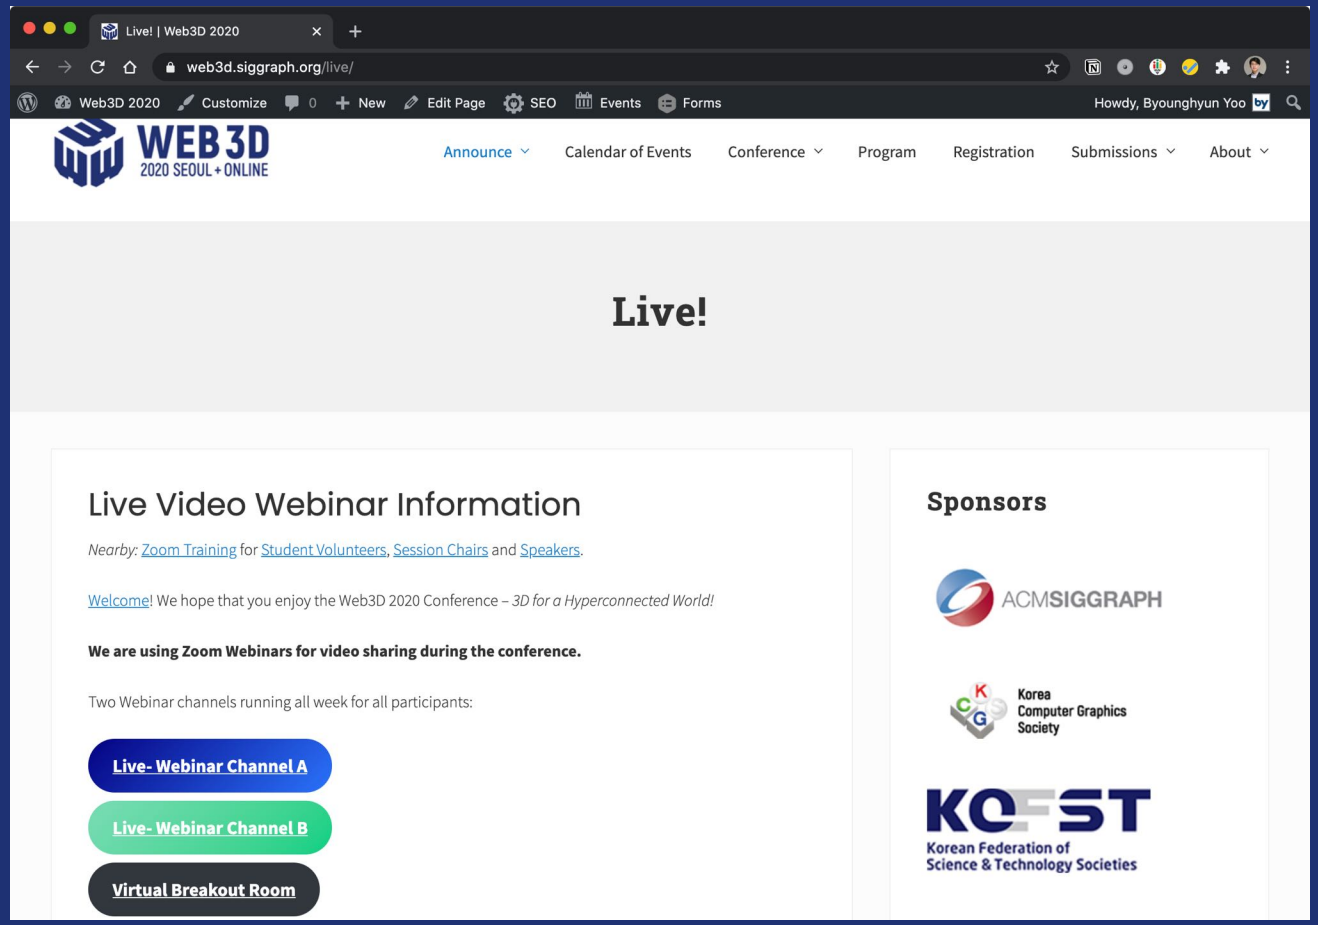
# Zoom Account

- Zoom webinar connection is possible both when you are logged in or not
- Presenter should use the same email address for your Zoom account you used in your accepted paper or poster to be promoted to a panelist from an attendee



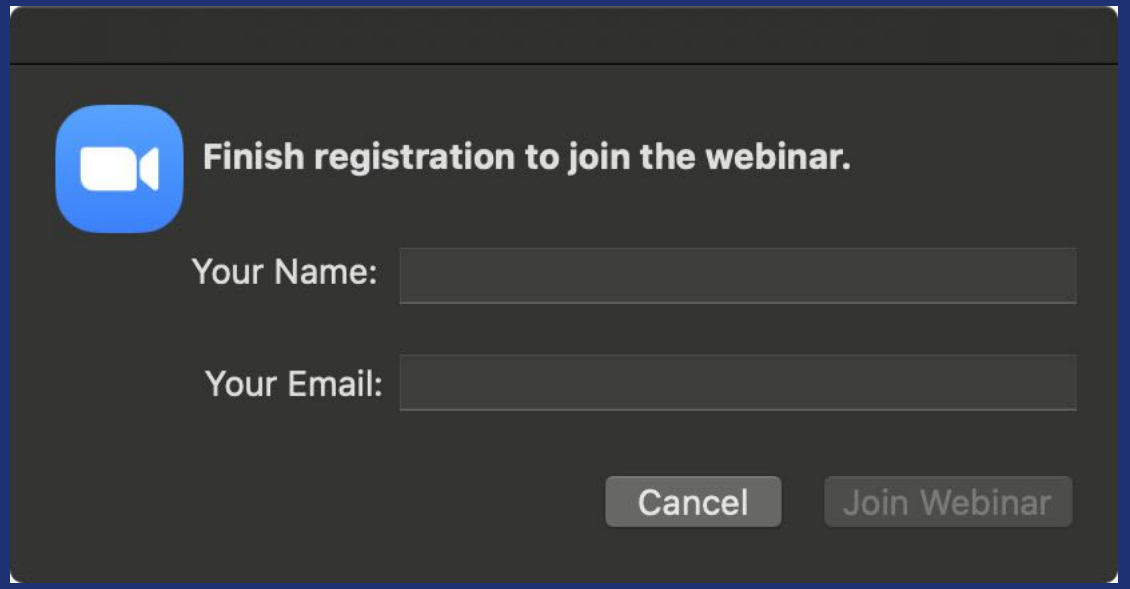
# Zoom Webinar Connection

- Connect Webinar by the button in the Live! Page
  - http://web3d.siggraph.org/live



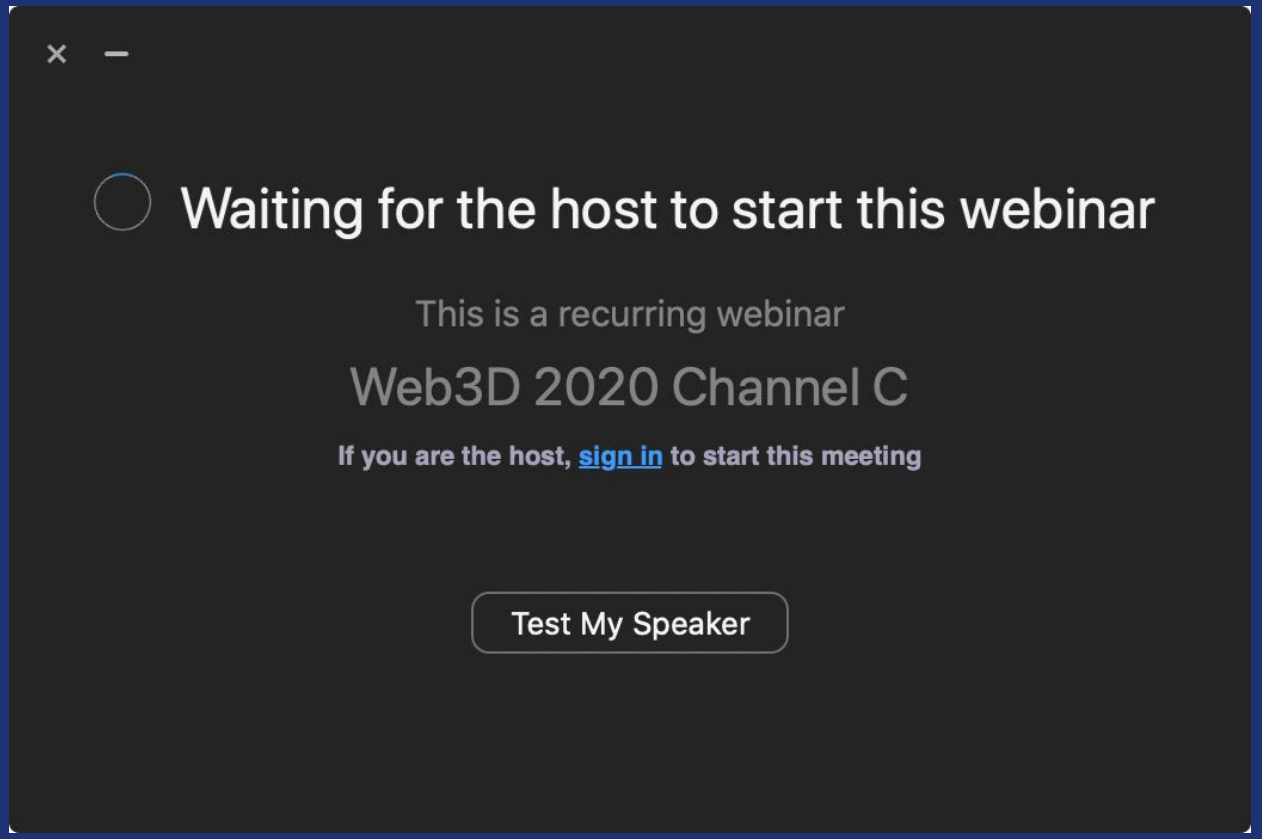
# Zoom Webinar Connection

- Registration pop-up will show up if you are not logged in
- Please use the same email address you used in your accepted paper or poster



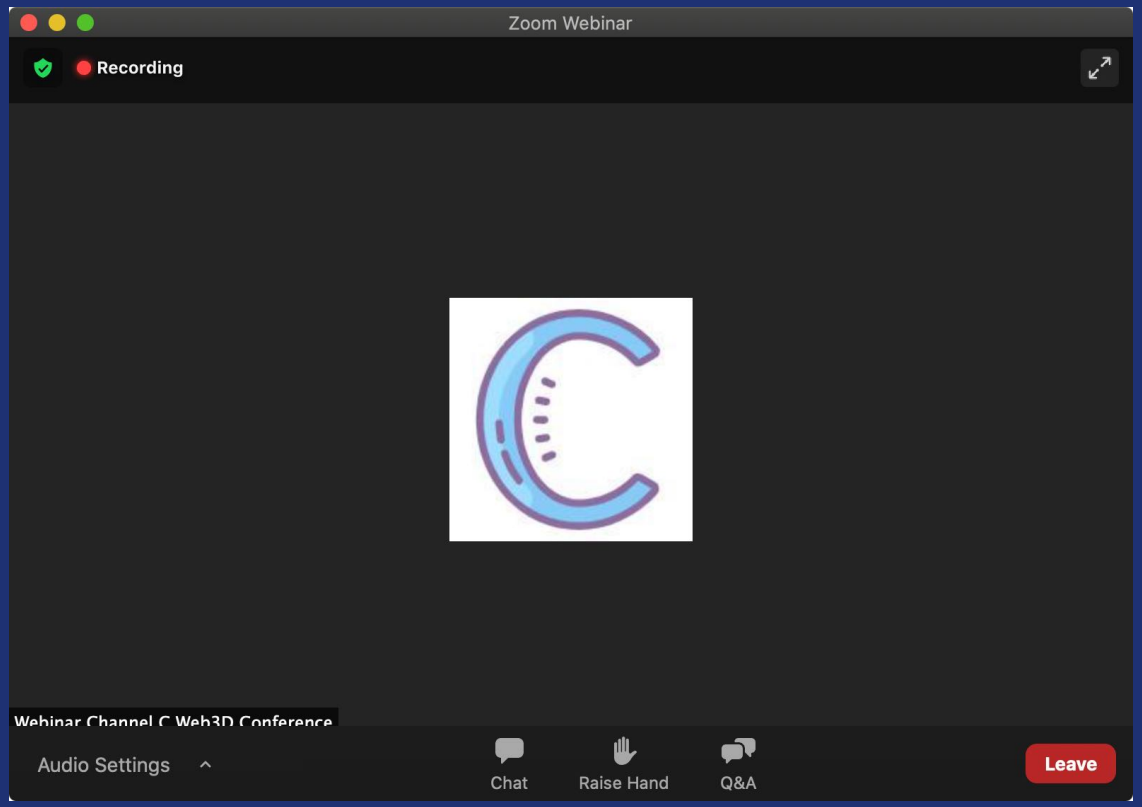
# Zoom Webinar Waiting

- If you are connected too early, you will see this window



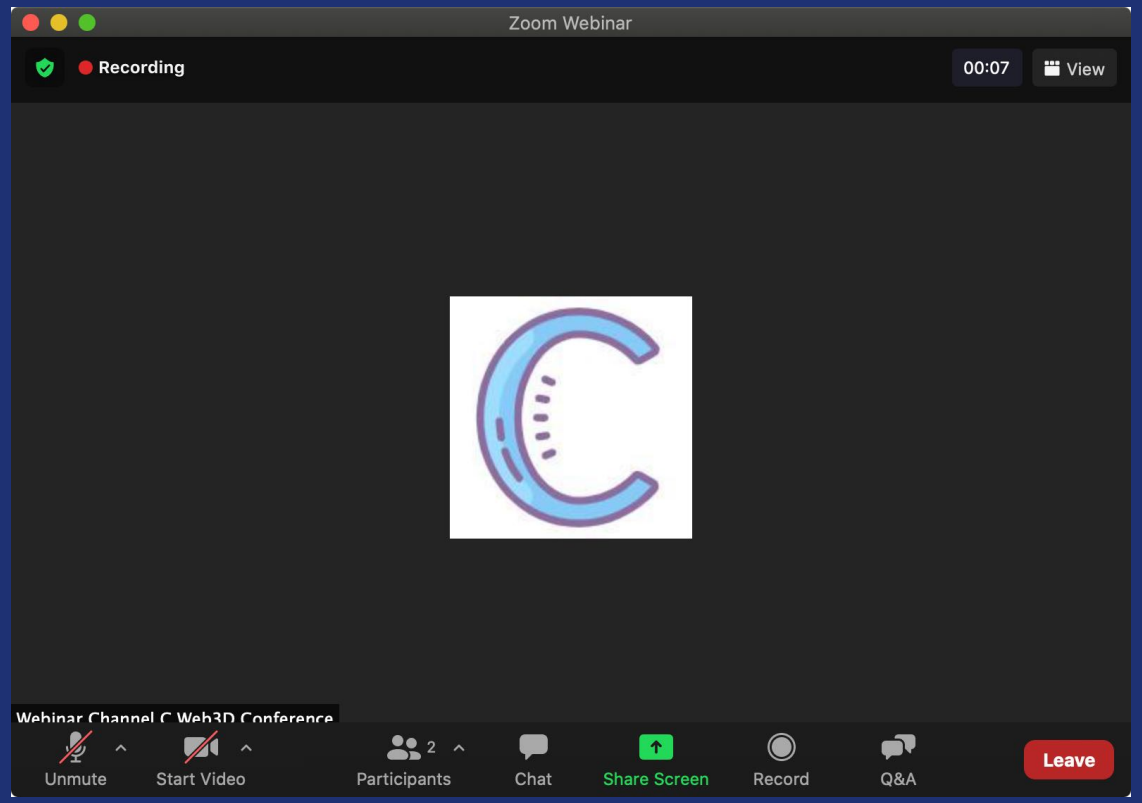
# Zoom Webinar Attendee Interface

- If you see this interface, you are now an attendee
  - 3 buttons in bottom line (Chat, Raise Hand, Q&A)



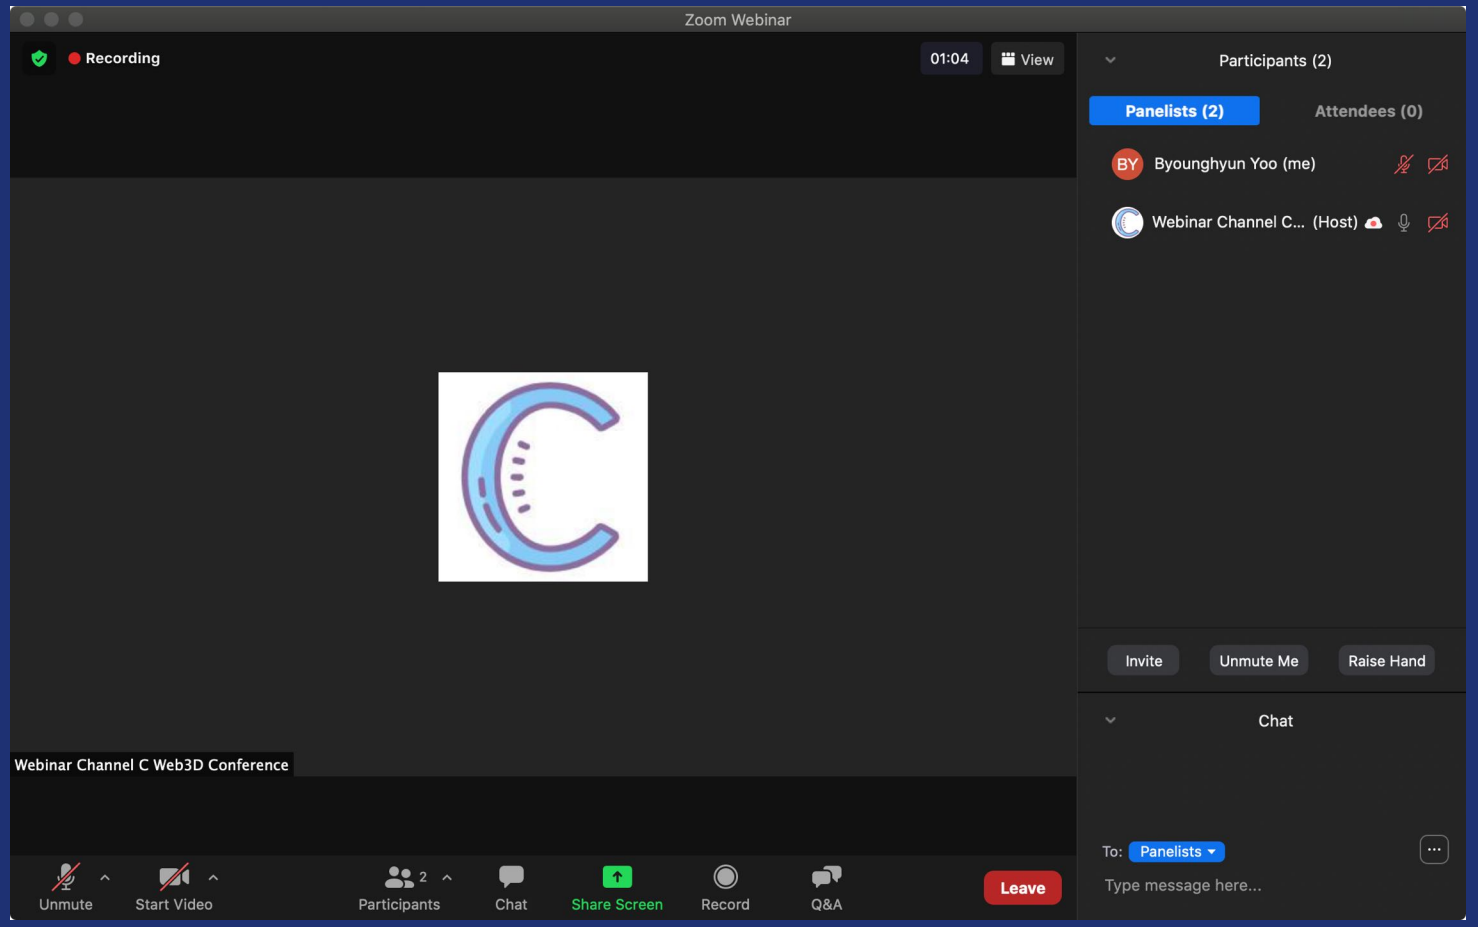
# Zoom Webinar Panelist Interface

- A speaker should be promoted to a panelist for a presentation
- If you have more button, you are promoted to a panelist



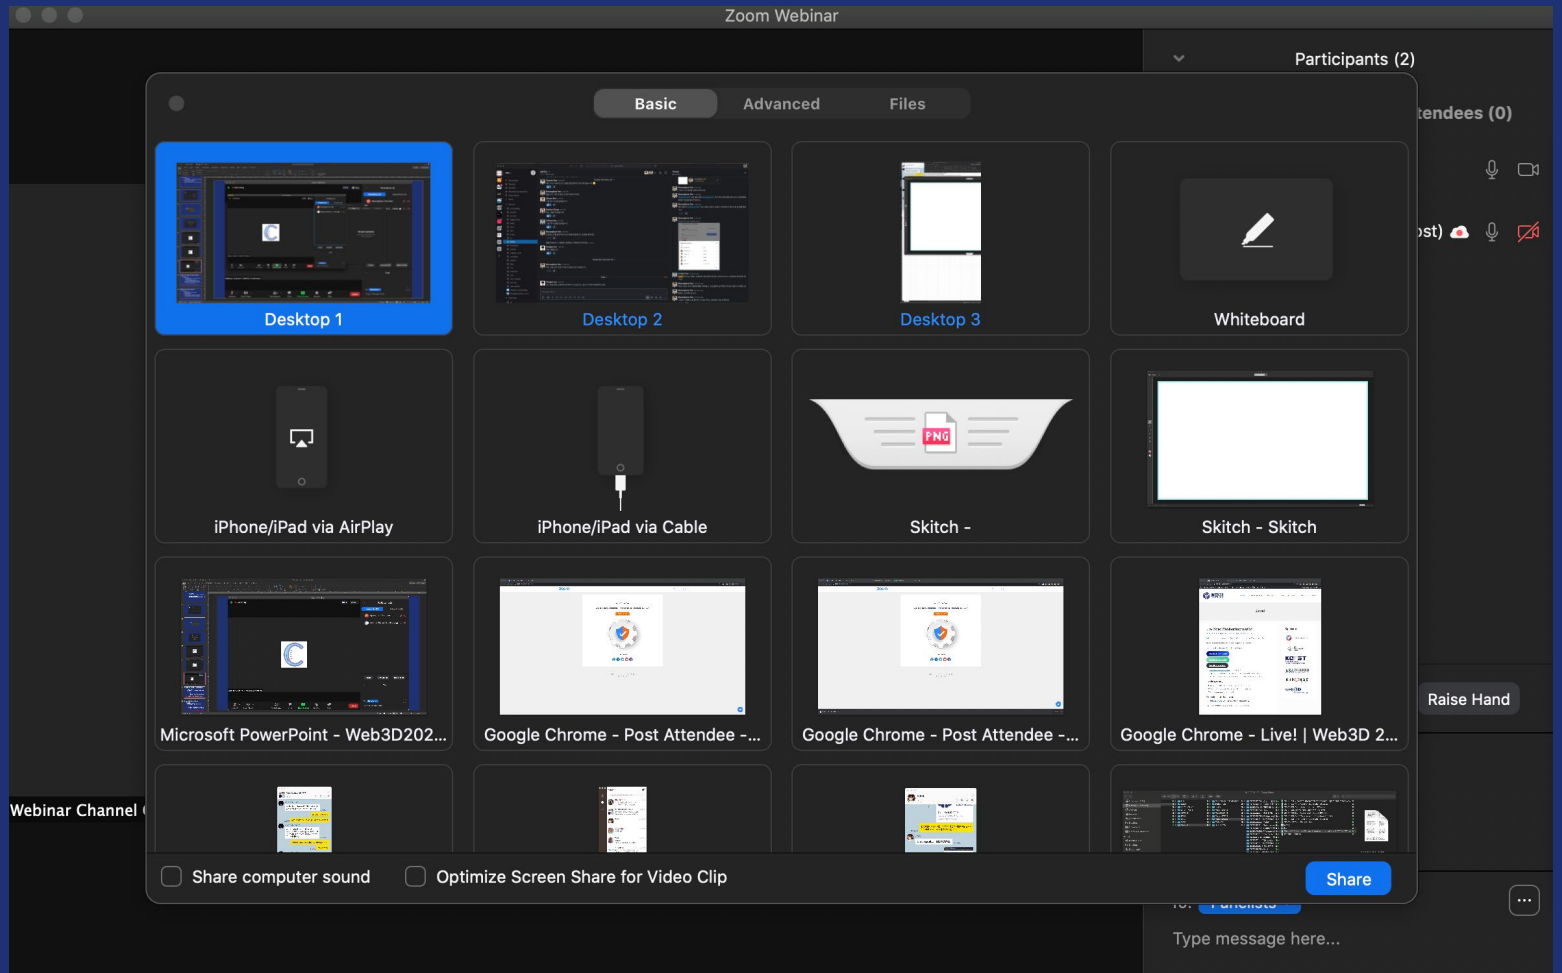
# Zoom Webinar Panelist Interface

- Panelist can see participant list of attendees and panelists



# Zoom Webinar Panelist Interface

- Panelist can present screen

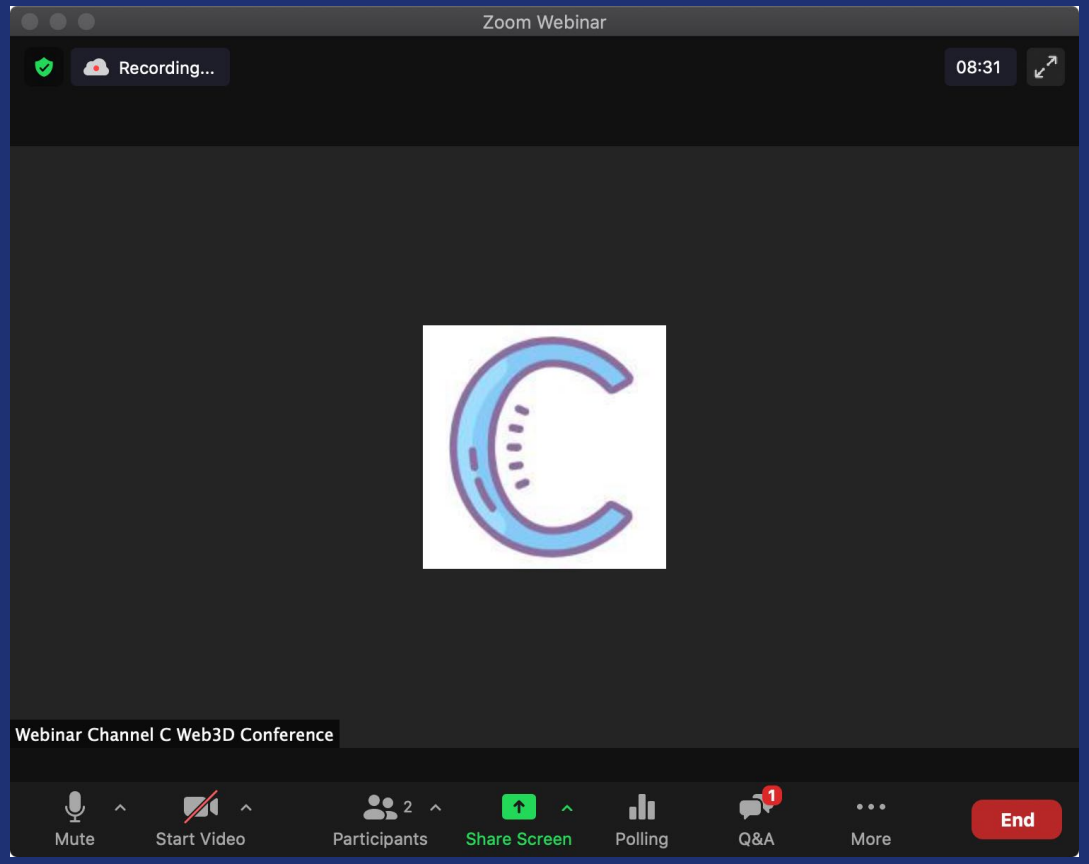


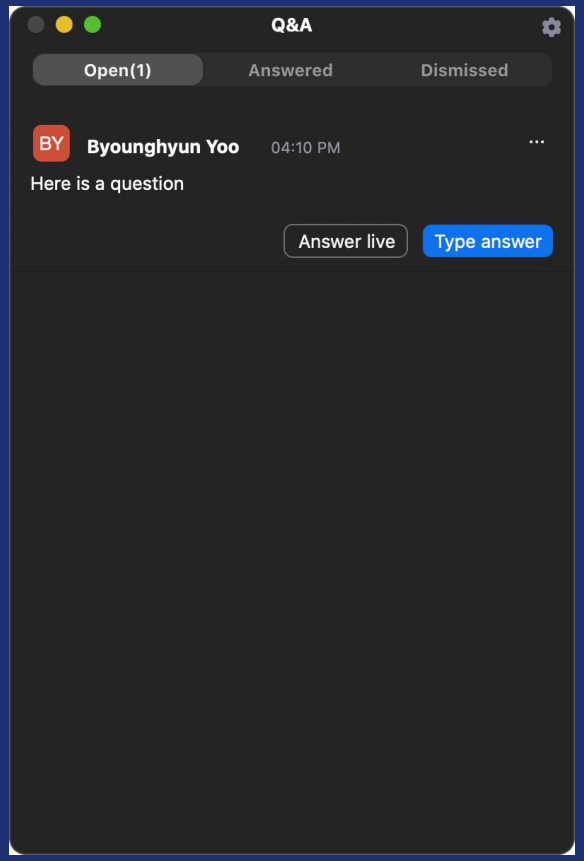
# Zoom Webinar Panelist Registration

- All authors' email address of paper and poster sessions for each day will be registered as a panelist before UTC 00:00 of the same day of your presentation
- It means you should be automatically promoted to a panelist if you used your email address used in your accepted paper
- If you are still an attendee, send an urgent chat message to panelists

# Zoom Webinar Q&A

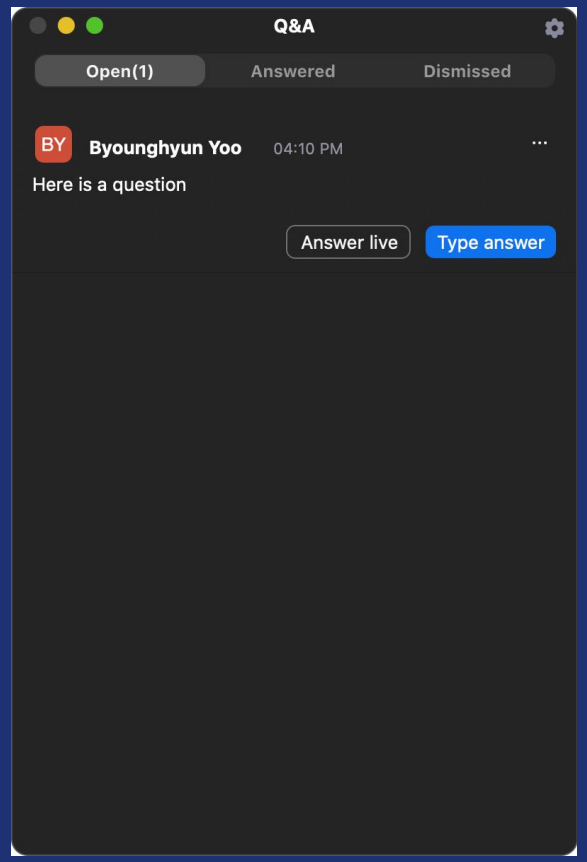
- Badges notification shows the number of Question on the Q&A button

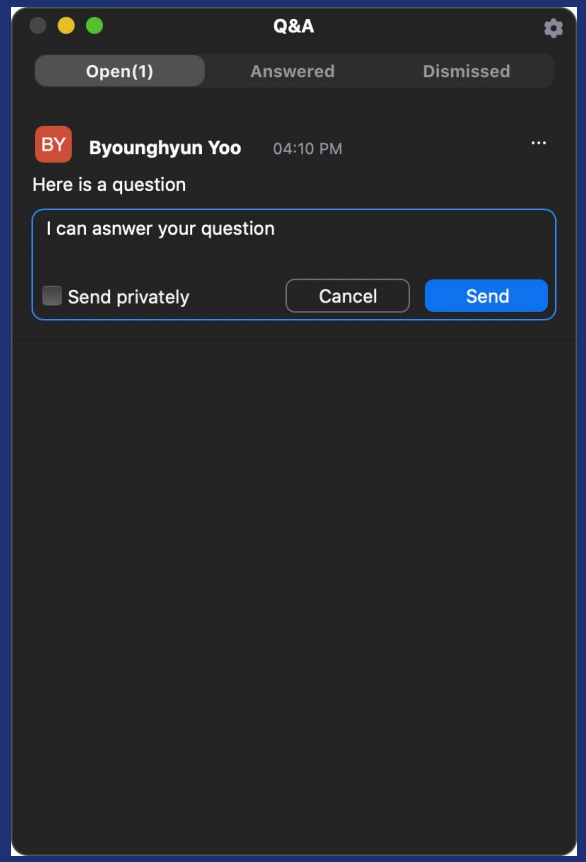


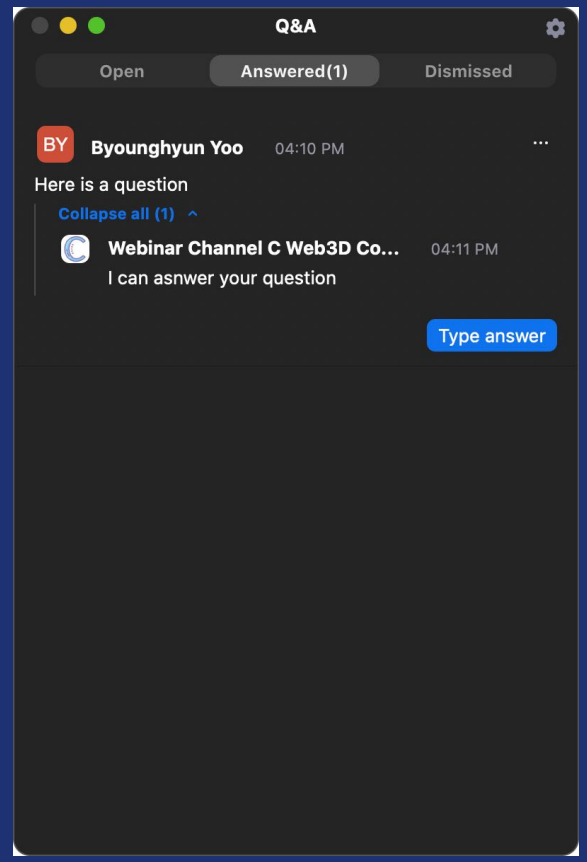


# Zoom Webinar Q&A

- “Type answer” is recommended for a short answer
- “Answer live” is recommended for a long answer







# Speaker Preparation Channel

- For speakers of Thursday and Friday in UTC, please use http://bit.ly/web3d_C
  as the speaker preparation room.

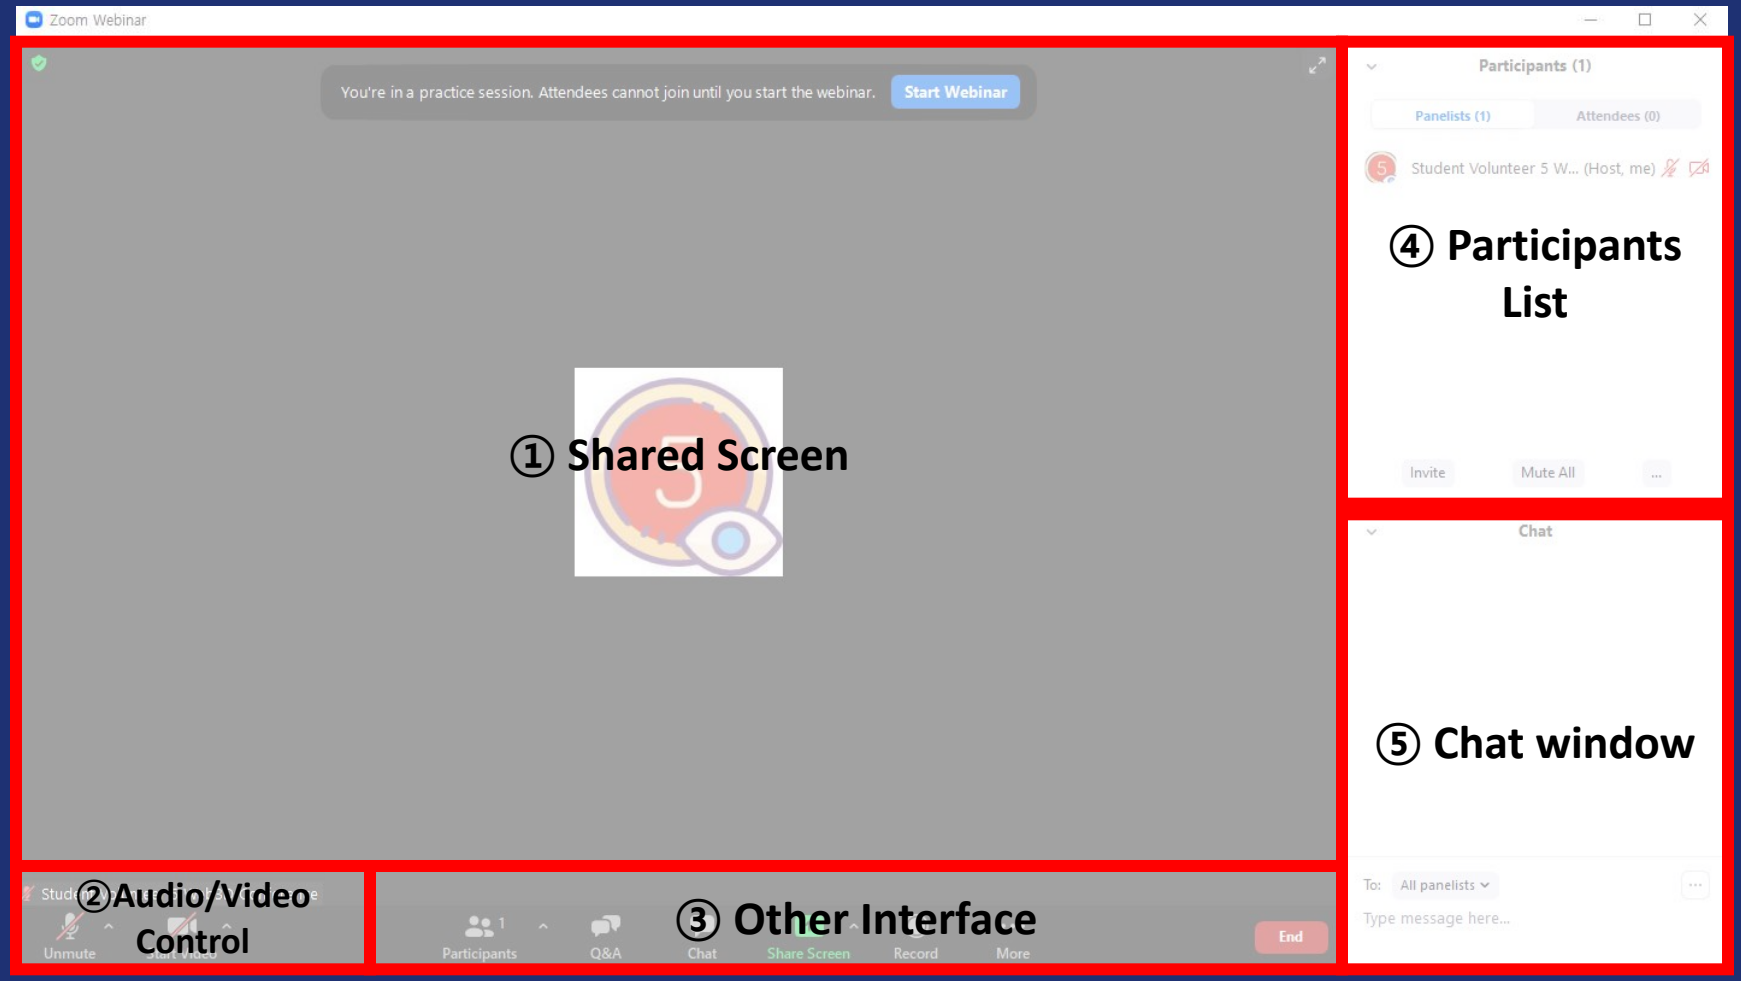
# General Guideline

# Zoom Webinar UI

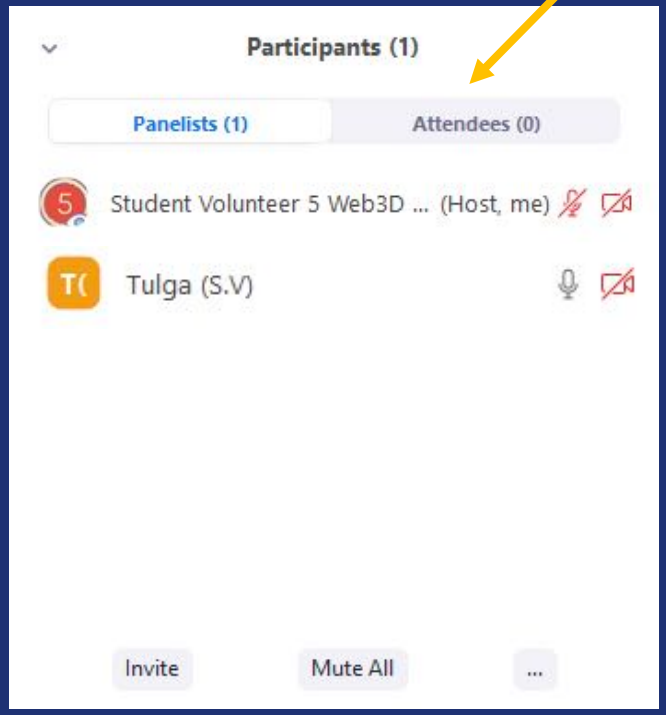


*You can turn on/off window ④ and ⑤ by clicking "Participants" and "Chat" button located at ③

# Participant classification

- In Zoom webinar, 3 participant level exist
  1. ***Host or co-host panelist (Chair + S.V)***
     - *able to do all but write question, can change other participants' classification*
  2. ***Ordinary panelist (Presenters)***
     - *able to hear, speak, chat, screen share*
  3. ***Attendees (Audience)***
     - *able to hear, write question, chat*
- **When someone first connected to webinar channel, they automatically set to attendee.**

Click to see attendees list



← Host

← Ordinary panel

# How to turning on/off your voice and camera

~~**If you are an attendee**~~,
~~- **Please turn your audio off, unless when you asking any questions**. Noise over your microphone may bother other participants.~~

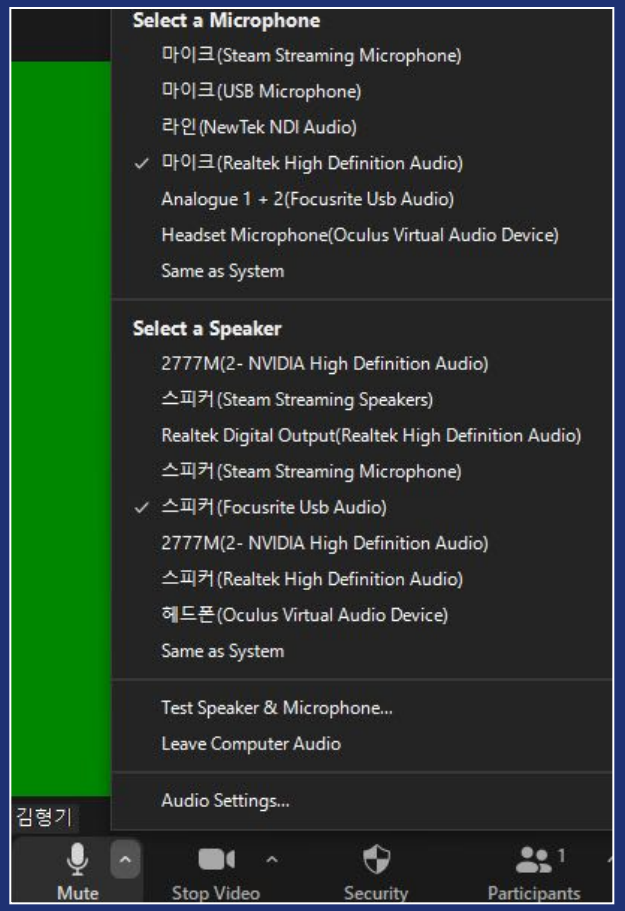
**If you are a chair / presenter,**
- Please check whether your audio/video is turned on when you're talking.

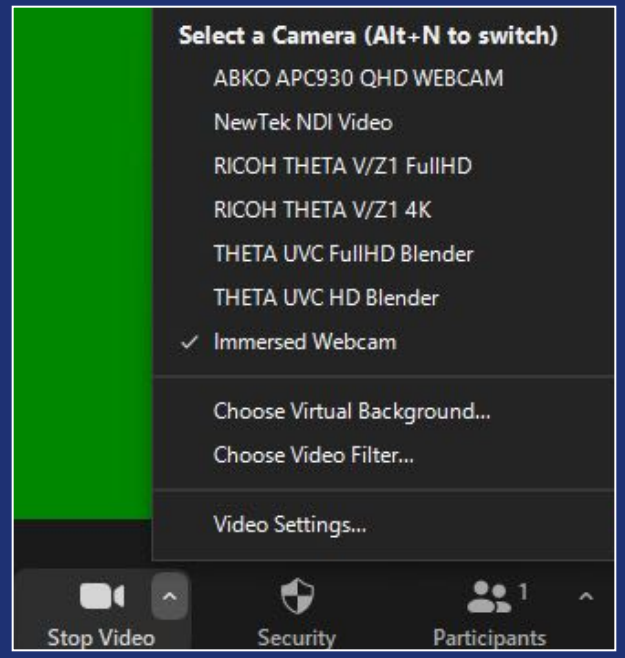
**You can turn on/off your audio/video to others by clicking microphone and camera button located at window ②*

**Currently off state. Click to turn on*

**Currently on state. Click to turn off*

# Check before you speak something

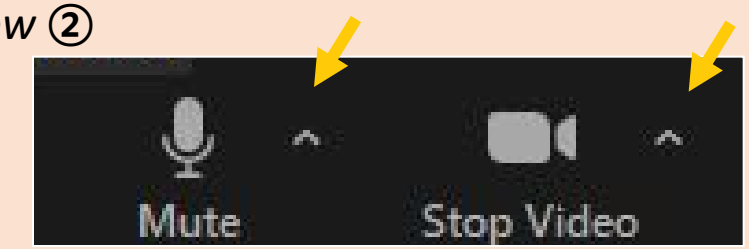




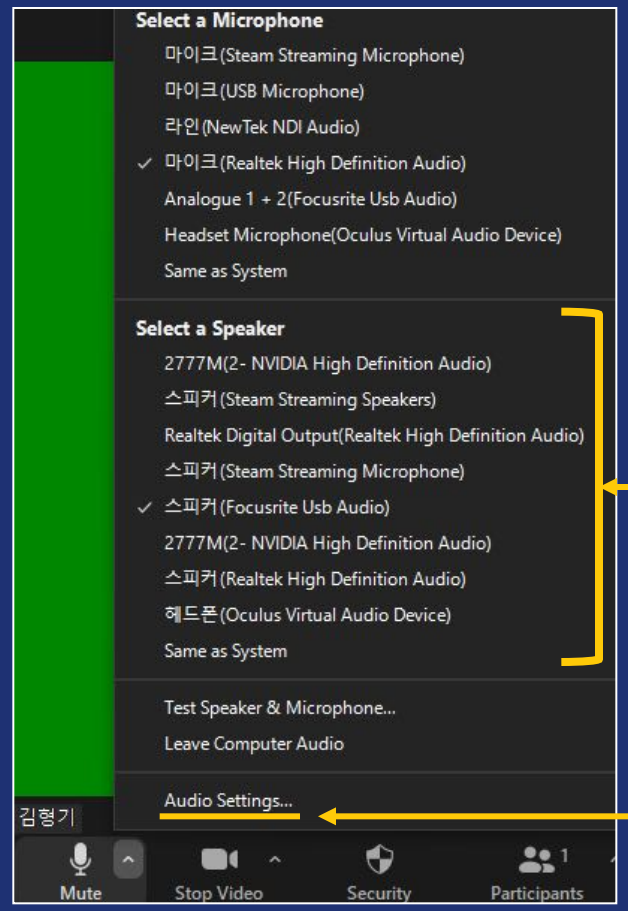
Check first if the proper device is selected for audio/video input. There may be more than one device on your machine.

If you do not select the proper one, your voice and face does not show up to other people.

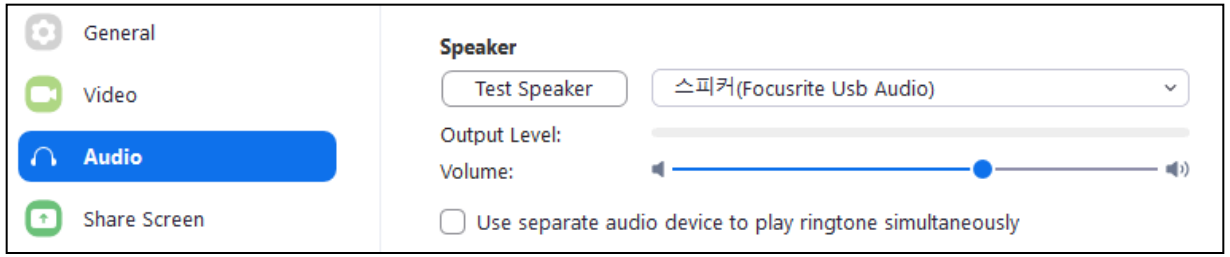
**Audio/video device list shows up by clicking small arrow located upper right corner on buttons at window ②*



# If you can not hear anything...



1. Check if a selected speaker device is one that you are in use
2. Check hardware volume control of your device (such as volume knob)
3. If “same as system” was selected, check volume control of your OS
   - Again, check if your device is activated in your OS audio control
4. If specific device was selected, click “Audio Settings…”
   - Check volume and click “Test Speaker” to hear something from your speaker



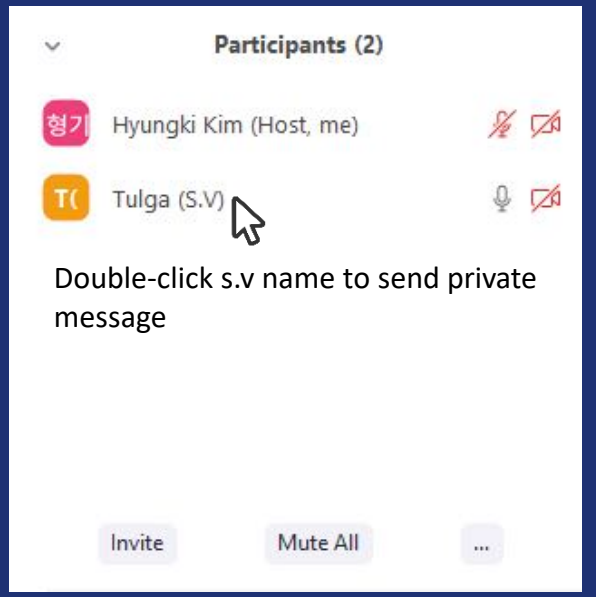
5. If you still have a problem, please contact **student volunteer**

# How to contact student volunteers…

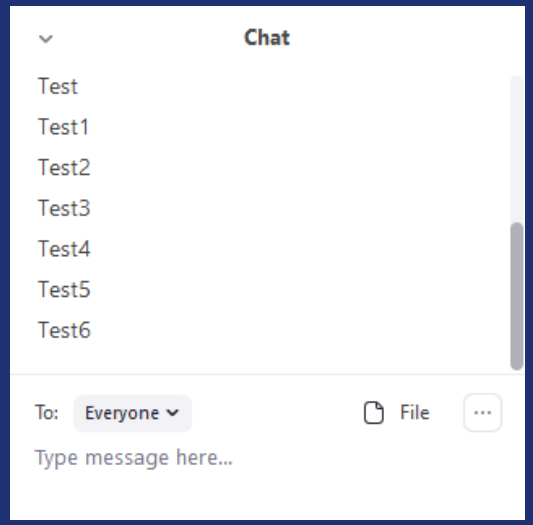
In participants list (window ④), person with “(S.V)” after their name is student volunteer.

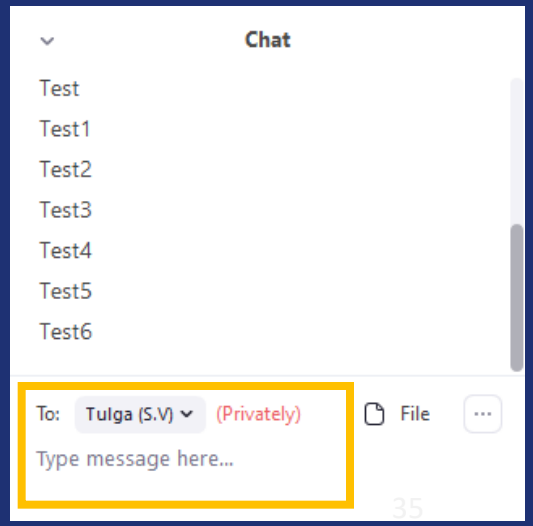
You can double-click their name to send private message to them.

Please describe your problem in detail to let student volunteer can help you.



Double-click s.v name to send private message





You can send private message to them

# WEB3D 2020

## 3D for a Hyperconnected World

The 25th International ACM Conference on 3D Web Technology
November 9-13, 2020, Virtual Conference, Seoul, Korea
